

SCRUBTEC 453

Great productivity and ease of use

- a full package in a competitive price

Simple to operate: You control brush and water using just two switches on the handle.

The machine is equipped with 105Ah GEL batteries as standard.

Transparent solution hose allows the operator to check the solution level from comfortable position.

Standard water filter to prevent clogging in the solution solenoid valve.

Simplicity in construction and daily use, with focusing on helping the user to get the job done in the fastest and most effective way.

Scrubbing and drying has never been more simple

Priced at a very attractive level, the SCRUBTEC 453 is the obvious value-for-money choice when it comes to indoor cleaning of warehouses, shops, car showrooms, car garages, gas stations and similar facilities.

The Nilfisk SCRUBTEC 453 has been designed to scrub & dry without any fuss. This is pure cleaning efficiency packed into a simple machine focusing 100% on helping you to get the job done.

Being a robust, scrubber & dryer – so easy to use and maintain – the SCRUBTEC 453 is a very basic machine, simple, easy and intuitive to operate and use, without any training. A machine ready to be used - great productivity that simply works for you!

High productivity in an easy way

- High suction power ensures dry and clean floors - even on tile floors
- Curved squeegee for 100% water pick-up on all types of floors
- Front filling port to fill solution tank in a fast way
- Standard on board charger

Easy and safe to operate

- Brush and squeegee blades easy to install and remove without any tools
- No risk of tank overflow: Vacuum motor is protected by a floater that will close the suction when the recovery tank is full
- Crash safe: Squeegee will detach in case of strong bumps against objects preventing major impacts
- Big bumper on the deck to clean along the wall
- Just 2 buttons to engage brush and vac motors and safety switches on the handle to start the cleaning job

Cost-efficient

- Eco-solution: Low consumption of water, adjustable water flow will allow no waste of water
- Simple, quick and hygienic maintenance: Full access to recovery tank – easy to clean and empty
- Removable cover tank makes it easy to clean inside the machine

Safety switch on the handle

Squeezable drain hose with screw cap control the dirty water when emptying the recovery tank

Unique squeegee design with rubber blades

Full access to recovery tank – easy to clean and empty

Rugged polyethylene solution and recovery tanks

Traction and speed adjustable by 2 knobs on the brush deck

High productivity – low maintenance costs

- Ergonomic handle
- 53cm working width and 40L tanks allow to clean up to 2120 m²/h
- Up to 3.30 hours of cleaning with standard 105 Ah GEL batteries
- Battery level indicator directly on the control panel
- 34 kg down pressure for heavy-duty tasks
- Low noise-level allows daytime and noise sensitive area cleaning

Ideally suited for:

- car showrooms
- garages
- warehouses

TECHNICAL SPECIFICATIONS

Description	SCRUBTEC 453 B COMBI
Item no.	9087333020
Cleaning width (mm)	530
Squeegee width (mm)	760
Theoretical surface performance (m ² /h)	2120/1272
Working speed (km/h)	4
Tank capacity solution / recovery (l)	40/45
Power source, battery (V)	24
Brush pressure (kg)	34
Brush motor (W)	480
Brush speed (RPM)	154
Vacuum motor power (W)	330
Traction motor	Brush assist
Dimensions L x W x H (mm)	1174 x 760 x 980
Weight without batteries (kg)	150
Features:	
Battery version	•
Automatic brush shut off	•
Automatic solution shut off	•
Battery level indicator	•
Delivered ready for use	•
Standard equipment:	
Squeegee blade	9100000279
Battery 24 V, 105 Ah	80564400
On-board charger	909 6739 000
Brush	L08837025
